Exodus 31:1-11 The Gift of The Spirit For Works of Art:

Exodus 31:12-18 The Sign of the Sabbath:

Application:

1. God is very specific on the instructions that He gave to Moses. We are not to add or take away from God's instructions. God has given all the information that one needs to get into the right relationship with God, to worship and render service to God.
2. The anointing oil was essential to the priests for spiritual service. We are not to duplicate, attempt through human effort to manufacture what God has forbidden. Just because something looks, and smells good does not make it of God.
